

Hubert Andrzej Sobolewski

SOFTWARE DEVELOPER

Profile

As a dedicated Software Developer with a passion for continuous learning and self-improvement, I excel in modernizing legacy applications and implementing industry best practices. My expertise spans .NET, Angular, ASP.NET, C#, Java, AWS, and SQL. I thrive in collaborative Agile Scrum environments, consistently meeting project deadlines and SLA targets. Precision and effective teamwork are the cornerstones of my professional ethos, driving me to deliver high-quality, reliable software solutions.

Employment History

Application Developer, Westinghouse Electric Company, Kraków

OCTOBER 2023 – PRESENT

Utilized advanced technologies such as .NET, Angular, ASP.NET, C#, Entity Framework (EF) Core, JavaScript, LINQ, NUnit, SQL, and TypeScript to modernize legacy applications and implement industry best practices. Supported and maintained enterprise applications, developed new features, and collaborated within an Agile Scrum team to meet project deadlines and SLA targets using Azure DevOps.

Java Developer, Infosys Poland, Kraków

AUGUST 2022 – SEPTEMBER 2023

Leveraged Amazon Web Services (AWS), Java, JUnit, Spring, and SQL to spearhead bug fixes and coding enhancements, significantly boosting software performance and reliability. Created detailed documentation through reverse engineering, manual testing, and the development of unit and integration tests.

Internships

Java Full Stack Trainee, Revature, Kraków

APRIL 2022 – JULY 2022

Completed a 16-week intensive training program in Java Full Stack technologies, mastering Java, Spring, JavaScript, Angular, and SQL. Developed two projects utilizing a range of technologies including Java, SQL, Servlets, HTML, JavaScript, AWS RDS, CSS, Spring Data, Spring Boot, Spring Framework, Angular, Hibernate, and PostgreSQL.

Education

Applied Computer Science, WSEI, Kraków

OCTOBER 2020 – APRIL 2024

Completed a comprehensive program focused on Full Stack Development, with a strong emphasis on C# and the .NET and .NET Core frameworks. Acquired in-depth knowledge of design patterns and object-oriented programming principles, along with practical skills in web development using HTML, CSS, JavaScript (including Angular.js, React.js, and Vue.js), TypeScript, and ASP.NET. Developed expertise in SQL Server for database management and development.
